Certificate Of Conformity

This is to certify that the appliances listed in this report have been identified as being present at :

Full Of Bounce

All appliances have been tested in accordance with the **Electricity At Work Act 1989** and against criteria published by the **Institution of Engineering & Technology** in the Code of Practice for In-service Inspection and Testing of Electrical Equipment, 4th Edition.

All appliances found to be unsafe during the course of the testing program have been identified with a '**Danger - Do Not Use**' Label

22nd November 2018

Please note, every effort has been made to locate appliances due for test, however Cardiff PAT Test accepts no responsibility for appliances which have not been made available.
